FOR IMMEDIATE RELEASE

## New book, *Mouse & Bee*, adds some wisdom to the whimsy

*This adventure quest with a philosophical heart will appeal to kids and parents alike*

**Surrey, BC, July 10, 2024**—In *Mouse & Bee*, the latest children’s book from Canadian author and illustrator Graeme Bennett, a mouse who has never been outside meets a bee who has never been inside and, after some hilarious misunderstandings about where cheese sticks come from, the two decide to go on a quest to find the elusive cheese trees.

It’s an absurdist adventure like a cross between Monty Python and Winnie the Pooh for these two strangers who couldn’t be less alike. Along the way, they learn about friendship, trust and kindness. And pigeons, too.

Young readers will share Mouse’s delight in being able to fly atop a paper plate, while older readers will find amusement and perhaps some deeper meaning in the respective world views and funny philosophies of *Mouse & Bee*. With illustrations by the author.

### Key themes

Key themes include friendship, kindness, bravery and cheese. Suitable for ages 5 and up.

### Audience representation and inclusive themes

Audience: Kids and the young at heart of all ages.

Diversity codes include: physical and neuro diversity. Mouse and bee characters are never referred to via gendered pronouns.

### Availability

*Mouse & Bee* Deluxe Edition (64 pages, hardcover, with full-colour illustrations and 18-point text on 70 lb paper, ISBN 978-1-7381993-6-5) is now available for C\$25.99 at Black Bond Books and other major book retailers worldwide.
