FOR IMMEDIATE RELEASE

## New book, *Madder Lake*, investigates the mystery behind a dead artist's missing masterpiece

*The second title in the Artworld Mysteries series is an exciting mystery/thriller romance*

**November 1, 2024**—In *Madder Lake*, a broken champagne glass, a single red high-heeled shoe and a missing painting are the only clues to the death of a famous artist who has just painted his masterpiece.

It's just the beginning of a fascinatingly twisted tale of an acclaimed artist who pays a woman a million dollars to have his child. His Last Will and Testament leaves his fortune to his first-born child, but what he doesn't know is that there is another child who qualifies. This is the story of the warring children of a father they never knew, a mysterious woman with red shoes, and the mystery of a missing masterpiece at the house at Madder Lake. It's a tale of mystery, romance and death—but not in that order.
